### 1. INTRODUCTION

#### 1.1 USA CYCLING AND NCCA

The National Collegiate Cycling Association (NCCA), founded in 1985, is a standing committee of USA Cycling, Inc. Other associations under USA Cycling include the United States Cycling Federation (USCF), the National Off-Road Bicycle Association (NORBA), the United States Professional Racing Organization (USPRO), and the National Bicycle League (NBL). USA Cycling is the national governing body for the sport of bicycle racing in the United States and is a member of the United States Olympic Committee. USA Cycling offices are located in Colorado Springs, Colo.

#### 1.2 NCCA MISSION STATEMENT

The National Collegiate Cycling Association (NCCA), has identified the following mission statement:

“The mission of the National Collegiate Cycling Association is to administer, develop and promote collegiate bicycle racing in cooperation with USA Cycling, USCF and NORBA. The NCCA shall annually determine team and individual national champions, and shall pursue a leadership role internationally to foster collegiate bicycle racing.”

To achieve this, the NCCA shall:

- Establish membership policy and certify clubs and athletes as members;
- Establish, certify and maintain Collegiate Cycling Conferences;
- Appoint and supervise Conference Directors in conjunction with NCCA Manager;
- Facilitate national championship events;
- Maintain an active liaison with USA Cycling, USCF and NORBA; and
- Pursue financial support for its mission and its members.

### **1.3 ORGANIZATIONAL GOALS**

The following goals were established by the NCCA Committee:

1.3.1 Develop competitive cycling programs in a format that is compatible with extramural and intramural sporting programs at colleges and universities.

1.3.2 Conduct collegiate national championships in the disciplines covered by NCCA racing programs.

1.3.3 Coordinate with Associations of USA Cycling and with external organizations, as appropriate, to aid in continuing existing collegiate programs and to expand the scope of collegiate cycling.

1.3.3.1 Facilitate a connection between the USA Cycling coaching staff and the NCCA clubs.

1.3.3.2 Become the largest service of new rider membership in USA Cycling, especially with respect to women cyclists.

1.3.4 Keep the program cost effective because the NCCA deals mainly with college students and beginning racers.

1.3.5 Encourage the development of the scholar-athlete in the sport of cycling.

## **2. GOVERNANCE**

### **2.1 NCCA COMMITTEE STRUCTURE**

The National Collegiate Cycling Association (NCCA) is governed as a Committee of USA Cycling. The NCCA Committee may modify its own composition, and the qualifications for serving on such Committee, providing that no such modification shall be effective until it is ratified by the USA Cycling Board of Directors.

The NCCA Committee is composed of a cross-section of individuals representing the sport of cycling and the collegiate cycling community. The eight-member committee has the responsibility of developing policy and long-term goals for collegiate cycling, as well as programs to be implemented by USAC staff and Conference Directors, taking the athletes' input and best interest into consideration.

Recommendations are approved by the USA Cycling Board of Directors. The NCCA Committee shall report on the status of collegiate cycling to the USCF Board of Trustees from time to time, but at least annually.

Athlete representative candidates apply via an application process and are appointed by the NCCA committee to serve a two-year term. Applications are solicited in January. Appointments are made at the spring committee meeting, alternating between the male and female representative. The male representative is appointed in even numbered years, and the female in odd numbered years.

The six remaining committee members each serve a three-year term. Applications are solicited in January and are appointed by the NCCA Committee and ratified by USA Cycling's president at the spring meeting. Two positions on the NCCA Committee are up for appointment every year. Announcements for committee positions are posted on the NCCA website.

The nomination and election of NCCA officers shall take place at the last regularly scheduled meeting of the NCCA Committee preceding the annual meetings of USA Cycling. The NCCA officers are voted upon in even numbered years.

### **2.2 PURPOSE**

2.2.1 The purpose of this document is to provide rules for collegiate cycling competition at the national and conference level. All USCF racing rules apply to road, track, and cyclo-cross events, and all NORBA racing rules apply to mountain bike events.

2.2.2 Additional issues can be decided upon by the conference, however no rules may supersede the rules of the NCCA, USCF, NORBA, or USA Cycling.

2.2.3 All unique issues must be approved by the NCCA Committee and USA Cycling for compliance.

### 2.3 ROLE OF THE NCCA CONFERENCES

The NCCA is made up of 10 conferences. All information relative to events, event scheduling, racing programs, conference championships, and membership applications and requirements, can be obtained from Conference Directors.

NCCA Conference Directors are appointed by the NCCA Committee and USA Cycling Staff. If the Conference Director does not choose to continue or is dismissed, member clubs shall have the opportunity to submit candidate recommendations to the NCCA Committee. As decided by the NCCA Committee, each conference is required to hold conference championships for both the road and mountain bike disciplines.

The NCCA establishes policy with respect to student athlete eligibility, national championship qualifications, rules and regulations, athlete disciplinary procedures, event permitting, and is responsible for approving all conference rules and regulations. Conferences manage their own budgets, racing calendars, and monitor athlete eligibility, as defined by the collegiate institution.

The NCCA rules and regulations are set as a minimum for conferences. Conference rules and regulations may establish higher standards, as necessary, within the individual conferences, with approval by the NCCA Committee, and USA Cycling. Please contact the Conference Director for specific conference rules.

### 2.4 CONFERENCE ADMINISTRATION

2.4.1 Each conference is administered by a Conference Director. The Conference Director position is a volunteer position under the general supervision of USA Cycling.

2.4.2 Each conference has an e-mail list that members may subscribe to. This list may be used for publishing announcements to the conference. The directions on how to subscribe to this list shall be published to all riders in the conference. Contact your Conference Director for more information.

## **2.6 ANNUAL MEETINGS**

2.6.1 The Conference Director shall conduct an annual meeting to discuss the issues of the conference, as well as to schedule the upcoming race season. This meeting shall take place in the fall and thirty (30) days written notice must be given to each club. Clubs may request agenda items two weeks prior to the meeting. The agenda shall be distributed to all club contacts one week prior to the meeting.

2.6.2 Each school shall receive one vote.

2.6.3 The Conference Director shall vote only in case of a tie. Conference Directors may call additional meetings if necessary.

2.6.4 Minutes must be sent out to all club contacts and to USAC Staff no later than ten (10) days after a meeting.

## **2.7 CONFERENCE FINANCES**

2.7.1 Each Conference Director shall receive a stipend from the NCCA to be used to offset expenses incurred for the administration of the conference. This stipend shall be distributed in two parts, one by January 31 and the second by June 30.

2.7.2 Conferences may adopt conference dues, late fees, and/or rider surcharges that go directly to the conference.

2.7.3 Each conference should obtain a federal tax number. All checks for stipends and conference dues/surcharges shall be made out to the conference, rather than to an individual. Conference Directors may choose to operate the conference under a DBA (Doing Business As)

2.7.4 Each Conference Director shall prepare a financial statement of the conference. The fiscal year runs from September 1st to August 31st. A year-end financial statement shall be sent to the USAC Staff, as well as distributed to all club contacts by September 30. The Conference Director may also present a financial report at the annual meeting.

2.7.5 Any conference dues/surcharges must be included in the financial statement prepared by the Conference Director.

2.7.6 If any monies are available, the conference shall decide how those monies are to be spent (i.e., scholarships for riders, support for riders attending national championship events and equipment for conference club use.)

### **3. MEMBERSHIP**

#### **3.1 CLUBS**

3.1.1 All NCCA clubs must be officially recognized by their post secondary school.

3.1.2 NCCA Clubs must apply for membership by filling out the NCCA Club application and paying the appropriate club fee to USA Cycling. NCCA Club applications may be found on the NCCA page of the USA Cycling website or you may obtain them from your Conference Director.

3.1.3 Each club must maintain a current list of eligible members. Each club must provide a copy of the current eligibility list to the registration official prior to each race entered. (lists may be amended).

3.1.4 NCCA clubs are required to belong to the conference in which they are geographically located. Conference teams may apply for an exception. All petitions must be sent by September 30 to the NCCA Committee Chair.

3.1.5 Membership is also open to all Canadian and Mexican post-secondary schools.

#### **3.2 RIDERS**

3.2.1 NCCA individual members must be full time students in good standing, as defined by the bursar or registrar at the member's post-secondary school.

3.2.2 NCCA individual members must be members in good standing of the NCCA club at their school.

3.2.3 Individuals must apply for membership by filling out the USAC license application and pay the appropriate license fees to USA Cycling. USAC license applications may be found on the USA Cycling website or may be obtained from Conference Directors.

### **4. ELIGIBILITY**

4.1.1 Clubs must be a member in good standing with USA Cycling and their conference in order to compete in NCCA events.

4.1.2 A rider must be a full time student at an institution that authorizes its cycling club to participate in intercollegiate bicycle races.

4.1.3 Riders must race for the school at which they are enrolled, regardless of where they are currently studying. Riders must present proof of full-time enrollment at race registration.

4.1.4 All riders must present a USAC license, an authorization to ride, or must purchase a one-day license to compete in a NCCA event. Annual and one day licenses can be obtained at events. (USCF licensees may compete in collegiate mountain bike races and NORBA licensees may compete in collegiate road races providing they meet collegiate eligibility requirements). One-day licenses will not be accepted at National Championships, only annual licenses.

4.1.5 Any ineligible rider shall forfeit his/her points; also the team must forfeit the points earned by that ineligible rider.

4.1.6 Schools that have more than one geographically separate campus, each of which grants a separate degree, must develop a separate NCCA club for each campus location.

4.1.7 No school or team shall develop eligibility requirements that may unduly hamper or deny any student from participating on a team during regular season events, otherwise qualified.

4.1.8 Any individual rider who has represented the United States in collegiate cycling in the past year or is a current individual collegiate National or World Champion is exempt from paying entry fees in collegiate races

(i.e., road = road, criterium = criterium). A rider who wishes to be exempt from paying fees must petition the Conference Director who will notify the collegiate clubs.

4.1.9 International students are eligible to compete in all NCCA events, including National Championships as long as they meet the above mentioned eligibility requirements.

## **4.2 CATEGORIES**

4.2.1 Riders may choose the NCCA category they wish to compete in, with minimum requirements of the following:

USCF Pro 1-2-3	A
USCF 3-4	B
USCF 4-5	C
USCF 5	D
NORBA Pro, Semi-pro, Expert	A
NORBA Sport	B
NORBA Beginner	C/D

The rider must follow the above criteria for choosing their appropriate collegiate category.

4.2.2 Riders may not downgrade more than one category per year per discipline.

4.2.3 Conference Directors are responsible for monitoring upgrading/downgrading of riders. Conference Directors are responsible for resolving disputes regarding categories.

4.2.4 Riders will not be allowed to downgrade at Conference Championships events.

## **4.3 CLUBS AND DIVISIONAL STATUS**

4.3.1 There are two divisions at collegiate road and mountain bike nationals. Division I is defined as a school with more than a total enrollment of 15,000 students at the time of club application for membership in the NCCA. Division II is a school with total enrollment of less than 15,000 students at the time of club application for membership in the NCCA.

4.3.2 A Division II school may compete as a Division I school but must declare their status no later than January 31 for road and Sept. 1 for mountain biking. If no status is declared, the school will be considered Division I.

4.3.3 A school may be Division I for the road and Division II for mountain biking or vice versa.

4.3.4 Both Division I and Division II team consist of up to eight men and eight women for national championships and qualification numbers are the same as for both divisions.

4.3.5 Sponsorship of a club is allowed with the condition that the income from the sponsor goes to the club and not to an individual.

4.3.6 In addition to a school's name or initials being the largest and most prominent on the front and back of the jersey, a sponsor's logo may appear provided it is smaller than the team name or initials. Conference Directors reserve the right to disapprove of jersey designs.

4.3.7 No USCF, NORBA, or Pro Trade team jersey or shorts may be worn at any collegiate event.

4.3.8 Clubs are required to submit a roster of their riders to their Conference Director twice a year, Dec. 31 and May 31. Conference Directors must submit a final roster of riders to USAC with USAC license numbers by June 30.

## **4.4 DISCIPLINARY PROCEDURES**

4.4.1 All disciplinary actions handled by the NCCA Committee must go through the same procedures as USAC disciplinary actions. This applies to both individuals and teams.

4.4.2 USA Cycling and its Associations shall honor the suspension or disciplinary actions imposed by the USOC or UCI and their affiliates, provided the Executive Director determines that due process was followed in imposing the discipline. Including fair notice and an opportunity for a hearing as described in the Member Discipline section of the USCF Rules of Bicycle Racing, current edition, and the Regulation section of the NORBA Competition Guide.

## **5. EVENTS**

### **5.1 COMPETITION RULES**

5.1.1 Collegiate road, track and cyclo-cross competitions follow the racing rules of the USCF Rules of Bicycle Racing, and collegiate mountain bike competitions follow the racing rules and regulations found in the NORBA Competition Guide. It is the riders' responsibility to familiarize themselves with these rules.

5.1.2 Prizes in the form of cash or merchandise are allowed for NCCA teams only, and not for individuals.

5.1.3 Pros and ex-pros are allowed to compete in collegiate events, subject to proof of eligibility.

5.1.4 Race radios are prohibited from NCCA events.

### **5.2 CONFERENCE EVENTS**

5.2.1 Conference road championships must consist of a road race and a criterium and should include a team time trial, to be held in any order determined by the promoter. Conference mountain bike championships must include a cross-country and should include a dual slalom. Conference track championships and Conference cyclo-cross championships are optional.

5.2.2 Conference Road Championships MUST be held at least two weeks prior to National Championships. Special cases will be determined by the NCCA Committee.

5.2.3 USCF field limits apply to NCCA road events, unless the promoter wishes to reduce the field size, which must be stated in the race announcement.

5.2.4 Conferences may set a maximum number of riders per school per category that may score points toward the team total. Other riders from that school displace other competitors, they retain the points as individuals but the points are not awarded to the team.

5.2.5 Conferences may determine other scoring opportunities (i.e., king of the mountain) for events and how those points will count toward teams or individuals.

5.2.6 Conference may determine how many events count toward team and individual omnium for the regular season championship.

5.2.7 All races must have all categories for each race at each event. Combined categories are allowed for the Team Time Trial only.

5.2.8 The host school must request permission in writing from the Conference Director to have a race on the proposed date at least 45 days before the event.

5.2.9 Race flyers must adhere to the following:

- Must be mailed to each school or posted on the Conference website three weeks (21 days) prior to the event.
- Must contain the name and address of the sponsoring school.
- Must contain the amount of the fees for each race
- Must have good directions to each event.

Teams failing to distribute the race flyer will be subject to a 25 point penalty.

5.2.10 The results and race registration forms must be sent to the Conference Director within two days of the race unless otherwise specified by the Conference Director

5.2.11 The Conference Director or his designee will compile the results and will have them available at the next race weekend whenever possible. Point totals must be available by the last race of each month during the racing season.

Suggested minimum race distances:

	Road Race	Criterion
Men A	60 Miles 60 Minutes	
Men B	40 Miles 45 Minutes	
Women A	40 Miles 45 Minutes	
Men C	30 Miles 30 Minutes	
Women B	30 Miles 30 Minutes	
Men D	20 Miles 20 Minutes	

5.2.12 Each conference may determine appropriate entry fees, including NCCA insurance and late fees.

5.2.13 Conference seasons are determined by each conference.

5.2.14 The Conference Director shall provide the overall awards for conference championships.

### 5.3 CONFERENCE SCORING

5.3.1 Only road events count toward the team's and/or individual's qualification for road nationals. Only mountain bike events count toward a team's and/or individual's qualifications for mountain bike nationals. Each conference may decide how teams and individual are chosen for nationals within the limits allowed in rule 6.1.5.

5.3.2 A conference may decide that only a select number of regular season events count toward individual qualifications. Example: best six finishes of 10 events.

5.3.3 A conference may choose to allow bonuses such as double or triple points at conference championships, and may set standards for earning those points.

5.3.4 A conference may choose the total number of riders from each school who may accrue points.

5.3.5 In the case of a tie on total points, the tie will be broken in the favor of the team that has:

- The most first place finishes by Men's and Women's A or, if still tied, the most second place finishes by Men's and Women's A; the most 3rd place finishes by Men's and Women's A, or if still tied;
- The most first place finishes by Men's and Women's B or, if still tied, the most second place finishes by Men's and Women's B; the most 3rd place finishes by Men's and Women's B, or if still tied;
- The most first place finishes by Men's and Women's C or, if still tied, the most second place finishes by Men's and Women's C; the most 3rd place finishes by Men's and Women's C, or if still tied;
- The most first place finishes by Men's and Women's D or, if still tied, the most second place finishes by Men's and Women's D; the most 3rd place finishes by Men's and Women's D.

The suggested scoring for NCCA road races and criteriums are as follows:

#### 5.3.6 ROAD RACE

Place	Men A	Men B	Men C	Men D
1	80	48	32	20
2	70	42	24	16
3	63	36	18	12
4	57	32	15	8
5	51	28	12	5
6	45	24	9	4
7	40	21	7	3
8	35	15	5	2
9	30	12	4	1
10	26	9	3	
11	22	7	2	
12	18	5	1	

13	15	3
14	12	2
15	9	1
16	7	
17	5	
18	3	
19	2	
20	1	

### 5.3.7 CRITERIUM

Place	Men A	Men B	Men C	Men D	Primes
1	70	41	22	12	5
2	64	35	16	9	3
3	58	31	13	7	2
4	52	27	10	6	1
5	46	23	9	5	
6	41	18	8	4	
7	36	15	6	3

14	9	2			
15	7	1			
16	5				
17	4				
18	3				
19	2				
20	1				

### 5.3.8 Recommended primes per category are as follows:

Men A	6
Women A	4
Men B	4
Women B	3
Men C	3
Men D	2

Conferences may elect to have fewer primes.

5.3.9 The suggested scoring for team and individual time trials will be left up to each conference. Teams for team time trials shall be made up of four men or four women. The time for the team is taken when the front wheel of the third rider crosses the finish line for men and the second for women. In order to have a valid team in a team time trial the minimum number of finishers must start the race (i.e., three men and two women). The team time trial points count only toward the team standings.

### 5.3.10 The suggested scoring for NCCA mountain bike cross-country events will be as follows:

Place	Men A/Women A	Men B/Women B	Men C
1	120	65	35
2	115	62	33
3	110	59	31

5.3.12 The scoring for all other mountain bike events will be left up to each conference.

5.3.13 Out of conference rider's points and qualifications status will be determined by the Conference Director.

## **6. NATIONAL CHAMPIONSHIPS**

### **6.1 CHAMPIONSHIP QUALIFICATIONS**

The following requirements are for all Collegiate National Championships.

6.1.1 All riders and their collegiate cycling team must be current members of the NCCA. There will be no rider or club licensing on site at the championships.

6.1.2 Full-time students competing in national championships must submit proof of eligibility (NCCA Eligibility Verification Form) at registration. This form is available from USA Cycling and Conference Directors.

6.1.3 Riders must have competed in an A race during the conference season in order to compete at National Championships with the exception of Track.

6.1.4 Each conference qualifies individual riders or teams, based on the percentage of the total number of NCCA riders in each conference. Number of riders per conference is based on the total membership count on August 31 of the previous year. Each conference is guaranteed at least one team entry and one individual male and female entry per division at the NCCA National Championships.

6.1.5 Each conference automatically qualifies the number of teams or individuals as listed in the team allocations, current year.

6.1.6 The school hosting the national championship event automatically qualifies a team from the host school.

6.1.7 The previous national champions are invited to compete in the current nationals, providing proof of eligibility (whether the team attends or not). If those members are on teams that have already qualified for the event, they will serve as a member of this team, not as an additional rider. Under no circumstances may a team bring more than eight men and eight women.

6.1.8 At all events, riders must wear identical team jerseys or a blank jersey with the school's name or abbreviation prominently displayed.

6.1.9 National Collegiate Champions are only permitted to wear their National Championship jersey in the collegiate event that they won. (i.e. road = road, criterium=criterium) The previous year's National Champion may not wear his/her jersey in the next year's National Championship race.

### **6.2 FORMAT**

The following rules are for all Collegiate National Championships.

6.2.1 Individual National Championship event winners will be recognized as National Champions with National Championship jerseys awarded to first place, and gold, silver and bronze medals awarded to first through fifth places. National champions automatically qualify for next year's nationals subject to eligibility requirements, but are included in the number of riders permitted on a team.

6.2.2 The team title is determined by the highest cumulative point total of all of the men's and women's events and are recognized as national champions with national championship jerseys awarded to first place, gold, silver, and bronze medals awarded to the first through fifth places.

6.2.3 Men's and women's individual omnium championship titles will be determined by using each rider's best placing in the individual events.

6.2.4 In the case of a tie on total points, the tie will be broken in the favor of the rider who has:

- The most first place finishes or, if still tied, the most second place finishes, etc., or if still tied;
- The highest placing in the last race, or the race nearest the last race of the omnium in which at least one of the tied riders placed.

6.2.5 Riders in the team events must belong to the same school; there are no composite teams.

6.2.6 The top-five omnium finishers will be named to the All American Collegiate Cycling Team.

### **6.3 ROAD CHAMPIONSHIP EVENTS**

6.3.1 The following are the suggested distances for the events for the national collegiate road championships.

<i>Men</i>	<i>Women</i>
Road Race (60-150 km)	Road Race (60-100 km)
Criterium (60-90 minutes)	Criterium (45-60 minutes)
Team Time Trial (25-35 km)	Team Time Trial (25-35 km)

6.3.2 Altitude, course layout, and weather should be taken into consideration when deciding on courses for the national road championships. USA Cycling Events staff reserves the right to alter the distances at the time of the event based on these considerations.

6.3.3 Separate criterium races will be held for division I and division II national championships.

### **6.4 ROAD QUALIFICATIONS**

6.4.1 For eligible teams that bring the maximum of eight riders (eight men and eight women), only four may race in the road race, four in the team time trial and three in the criterium. Up to four riders per team may be allowed in the criterium provided that the field limit will not be exceeded. Riders must designate the mass start events they will be participating in at registration.

### **6.5 ROAD RACING REGULATIONS**

6.5.1 USCF Category A event racing regulations are in effect for the championship road race and criterium.

6.5.2 Men and women will be scored separately for the purposes of determining individual points for the omnium.

6.5.3 The total individual points for a given team in each race will be summed by event and the resulting rank ordering of this tally will determine the team placing for that race. Team placing for both men and women will be equally valued and will be awarded to the top 40 teams per event.

6.5.4 The criterium field limit is 127. This includes 34 teams of three and 25 individuals.

6.5.5 The road race field limit for both men and women is 169 riders. This includes 34 teams of four and 25 individuals.

6.5.6 Bonus point primes will be offered in the criterium. The men will have six primes and the women will have four on a scale of 7, 5, 3, 2, 1. These will apply to both the individual and team omnium.

6.5.7 Team Time Trials consists of no more than four riders; a minimum of three riders for a men's team and a minimum of two riders for a women's teams. Men will be timed on the leading wheel of the third rider and women will be timed on the leading wheel of the second rider; riders must be from the same school, no composite teams allowed.

6.5.8 Staging for mass-start events at road nationals: Conference Omnium Champions and the previous year's National Champions will be called the line. Then a staging group consisting of one representative per team will be called to the line based on a random draw prior to the event. Only one rider per team may be in each staging group.

## 6.12 MOUNTAIN BIKE CHAMPIONSHIPS

6.12.1 National Championship Disciplines: The cross-country and Short Track must be conducted as a National Championship event. The dual slalom and downhill can be added as National Championship events if the venue allows.

6.12.2 Staging for mass-start events at mountain bike nationals: Conference Omnium Champions and the previous year's National Champions will be called the line. Then a staging group consisting of one representative per team will be called to the line based on a random draw prior to the event. Only one rider per team may be in each staging group.

6.12.3 National Championship Events: The following are the required times for the events for the national collegiate mountain bike cross country championships.

*Men*                      *Women*  
A: 2-2:30 hours      A: 1:45-2:15 hours

## 6.13 QUALIFICATIONS

6.13.1 The total field size for Men and Women's A National Championship cross-country race is 175 competitors.

6.13.2 One team of four riders per conference will be allocated, plus one host team for the National Championships. This equals 44 riders allocated. The remaining 131 positions (175-44) will be based on the conference allocations, as is done for Road Nationals.

6.13.3 Eligible teams can bring the maximum number of eight men and eight women. Of those riders, only four men and women may compete in the cross-country, short track, dual slalom and downhill events. Clubs must identify the members of the team at race registration.

6.13.4 In conferences with very small fields or few or no collegiate mountain bike events, qualification is at the discretion of the Conference Director.

## 6.14 MOUNTAIN BIKE REGULATIONS

6.14.1 NORBA racing regulations are in effect for NCCA Mountain Bike Championships.

6.5.2 Men and women will be scored separately for the purposes of determining individual points for the omnium.

6.5.3 The total individual points for a given team in each race will be summed by event and the resulting rank ordering of this tally will determine the team placing for that race. Team placing for both men and women will be equally valued and will be awarded to the top 40 teams per event.

## **6.16 CYCLO-CROSS NATIONAL CHAMPIONSHIPS**

6.16.1 Collegiate Cyclo-cross National Championships takes place during the USCF Cyclo-cross National Championships

6.16.2 The collegiate race is 45 minutes for men and 45 minutes for women.

6.16.3 The top four men and women per team score points by using the Nationals Road Race points schedule.

6.16.4 The team Omnium is determined using the same procedure as Road Nationals.

## **6.17 APPEALS**

6.17.1 Appeals shall be conducted according to the USAC Procedures for Appeals, as defined in the USCF and NORBA Racing Rules.

## **6.18 NCCA ALL-AMERICAN CYCLING TEAM**

6.18.1 Each school year, at the conclusion of the final national collegiate championship, the top five men and five women overall per division from road, track, cyclo-cross, mountain bike championships will be named to the All-American Collegiate Cycling Team.

6.18.2 These individuals will be recognized on the NCCA website and in the official USA Cycling publication and will receive a certificate of recognition.

## **6.19 TOP 20 RANKINGS**

6.19.1 The top 20 ranked collegiate cycling teams are determined by taking the top-20 teams at the road, track and mountain bike national championships and assigning each points on a scale of 1-20 (i.e., first place = 20 points). Road and Mountain National Championships are worth 40 percent each, while Track National Championships is worth 20 percent. Each club's points are added together and the club with the highest total points earns first place, ranked to the 20th place.

6.19.2 Overall school rankings are based upon performance at national championships. The rankings are determined immediately following the national collegiate road championship event.
