Angel Fire, NM.

Who

Team Leaders/ Representatives

Why

This is a meeting for all team leaders at Nationals to meet and discuss ideas relating to team membership and leadership as well as other collegiate issues. This will be a fantastic way of meeting other clubs, sharing ideas, and network.

The format of the meeting will include a short introduction to team membership and leadership, with general ideas and do's and don't's pertaining to these subjects. After the introduction, we will split into groups of 5-7 and discuss how your team has related to the issues discussed. We will then summarize what was said in each group to make sure that the ideas were heard by all.
